

#GENERATIONTK

*Opening new chapters?
Always. Preferably in our
patent books.*

Innovative? Naturally. thyssenkrupp continues to pave the way for future success stories in engineering fields. Every day, we develop new concepts that give our client's products the market debut they deserve. We are always discovering something new and developing further. Which one is your story to expand our portfolio and to enrich the #GENERATIONTK? Move forward with us at generationtk.com
