A NATIONAL COMPETITION FOR

 **Outstanding Young
Chemical Engineer 2021**
2ND & 3RD SEPTEMBER 2021

[in DMCESOCHE-IICHE](#) [soche_dmce](#)

We continue to support the Chemical Process Industries in our own way. Come Sept 2021, we will sponsor the Working Professional Category of the Outstanding Young Chemical Engineers (OYCE) 2021 which is being organized by the Indian Institute of Chemical Engineers (IIChe) Mumbai Chapter at the Datta Meghe College of Engineering in early to mid Sept 2021.

The Competition, which is held for students and professionals in separate categories is an annual event that attracts students and working professionals alike from across the country. It is organized by the Indian Institute of Chemical Engineers which actively promotes the chemical process industry.

The Working Professionals Category traditionally features PhD, Post Graduates and Working Professionals of Chemical Engineering to read papers in the field.

The marquee academic event is a widely-looked forward to event for the students and professionals in the chemical industry.
