

Safety Milestone of 1 mio man hours at SHV Energy Project site, Tuticorin

A Safety milestone of One million man hours for our LPG Terminal Expansion Project was recorded at our SHV Energy Project Site at Tuticorin . A Certificate of Appreciation and a Trophy (see above) was handed over to Mr. Bishnudutta Panda (GM Projects) at the site by the Customer.

We are implementing unloading arms & cross-country pipelines for a 15,000 MT capacity Propane Tank as part of LPG Terminal Expansion Project of SHV Energy on EPCM basis.

Team from tkIS India construction and safety and SHV energy posing for a group photo after the event.
