

# Ground-breaking ceremony for Kerosene Hydro-Treater Project at BPCL Mahul site held

The Ground-breaking ceremony for the Kerosene Hydrotreater Project at BPCL, Mahul site in Mumbai was held in early Feb 2021.

The ceremony was attended by **Mr Subramoni Iyer, ED, Mahul Refinery** who did the honours at the ceremony, along with **Mr PG Waray, our COO & ED-Project Implementation**. Other senior management personnel from BPCL were also present, including their **Mr. V. Chandrasekaran, CGM Product Despatch; Mr. Prabhu Venkatesh, CGM, Finance; Mr. N. Chandrasekaran, CGM, Operations and the Project Managers Mr. PG Karthikeyan and Mr. C Naveen**.

The ceremony was also attended by our **Mr. ES Anilkumar, VP-Pune Operations and Project Manager for the KHT project, Mr. Kiran Kumar Gonuguntla**.

The ground-breaking ceremony marks the start of works at the construction site, and the ceremony serves as an auspicious start to the site activities.

BPCL has awarded us with a contract to provide Project Management Consultancy Services and Engineering, Procurement, and construction management (EPCM) services for the Kerosene Hydrotreater Unit along with other associated facilities at BPCL Mahul Refinery. The project is expected to be completed in 2022.
