

# GNAL Caustic Soda site achieves 6 million safe hours. Customer hands over Appreciation Certificate...

Our GNAL Caustic Soda project site at Dahej, Gujarat has completed 6 million safe man hours without Lost Time Incident (LTI). A Certificate of Appreciation (see below) was handed over to our team at the site by the Customer.

The Certificate was received by our **Mr PG Waray, COO, Mr PV Chepe, Chief Engineering Officer & ED Engg, Mr P Suresh, General Manager Construction & RCM GNAL. Also present were Mr Waibhav Raut, Project Manager and Mr Santanu Acharya, HSE Manager GNAL Site.** GNAL CEO Mr Ketan Shah handed over the certificate in the presence of Mr Thomas Varghese, Caustic Plant Head and Mr Kirti Vaidya, Complex Head for GNAL.

We are implementing the grassroot Caustic Soda project at the customers site on Lumpsum Service basis. The 800 TPD Caustic Soda plant is the largest single-train facility in the country.

Kudos to our Construction and Safety Teams at site on achieving this milestone.
