

Safety Milestone of 2 mio man hours at IOCL Naphtha Cracker Expansion Project site, Panipat

A Safety milestone of 2 million man hours without Lost Time Incident (LTI) was recorded at our IOCL Panipat site, where a Naphtha Cracker Unit expansion, MEG Expansion and Olefin Recovery project is underway.

We are rendering DFR and EPCM Services for the project.

The Certificate appreciates commends the individual and collective efforts involved in achieving this milestone.

The Certificate was handed over to our Mr Suresh Rayudu, HSE Manager at the site.

Our congratulations to the site and safety teams on this milestone!
