

TECHNICAL DATASHEET

Product: panoRama MegaView

Item	Description	
PVC Film	Type	Calendered monomeric soft PVC film Renolit base
	Thickness	140±10um
	Color Code	White
	Back	Black Coating
	Holes Diameter	1.6mm
	Distance Between Holes	2.4mm
	Holes Space	40% open area
Adhesive	Type	Clear solvent based removable pressure sensitive adhesive
	Weight(g/m ²)	22±2g/m ²
	Adhesion Temperature	15°C~40°C
	Peeling Force	≥4N/25MM
	Holding Power	≥800min
Liner	Type	single PE Kraft paper,double liner
	Color	White
	Weight(g/m ²)	150±10g/m ²
	Release Force	0.2~0.4N/25MM
Storage Period	12 months under ordinary condition at temperature of 22°C and relative humidit	
Application	Window application – Printing methods Solvent, Latex, UVC	
Width(M)	Up to 60" – up to 200 meters length
