POLYMERIC CARBON

For more technical information, please consult grafityp.com
Subject to alterations

CARBON

Our structured carbon films give your car or interior an exclusive armoured look. The cast multi-layered quality can be used for the most extreme applications, thanks to its extreme flexibility.

The polymeric quality is meant for even or slightly undulating surfaces.

GRAFTYP

makes you stick

METALLICS

The good deformability of our cast metallic films ensures the perfect end result for you and your customer. The sky is the limit: from a small personal touch to a somewhat bigger complete customization - with our metallic films your car or interior can become unique in no time at all.

SATIN

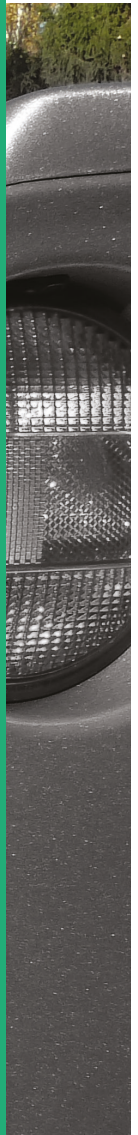

Choose from ten satin metallic colours, which give your vehicle or interior a rather soft metallic look.

MATT

Fifteen matt metallic colours allowing you to stand out from the crowd, without catching too much attention.

BRUSHED

Our brushed films are slightly structured, which makes them look like real brushed metal. Available in fifteen colours.
