

Plate & Bar Stock Picker

Cradley Heath, Birmingham

Your responsibilities

As a Plate & Bar Stock picker, your role would be to inspect, locate, store and pick raw materials, which means you are a key member of the team, as you will be reducing the costs of holding stock while ensuring you can meet customer demand! You will work as part of our Warehouse and Production teams at our Cradley Heath site and liaise with our Plate & Bar Manager, Quality team and Stock Control Leader.

Your main duties will include:

- Interpreting internal S/O requirements
- Locating correct stock
- Driving a 4 way reach forklift truck
- Handling storage
- Further processing and distribution of work

Your profile

Essential:

- Previous experience managing stock in a warehouse environment
- Working knowledge of SAP system
- Fork Lift Truck Licence
- Good communication skills
- Good time management and self-motivated

Desirable:

- 4 Way Reach Truck Licence
- Previous experience in metal manufacturing

Your benefits with us

- £9.50 per hour
- Rotating shifts of 6am-2pm 2pm-10pm. Shift allowance after 7pm of 20%
- 25 days holiday + bank holidays
- Permanent health insurance
- Advantageous pension scheme
- Hybrid working policy
- Car Buying Scheme
& many more

This is us – your new employer

With around 480 locations in over 40 countries, thyssenkrupp Materials Services is the biggest materials distributor and service provider in the western world. The broad service spectrum offered by the materials experts enables customers to focus on their individual core business. The area of Materials Services spans two strategic areas: global materials distribution as a one-stop-shop – from steel and stainless steel, tubes and pipes, nonferrous metals and specialty materials to plastics and raw materials – and tailored services in the areas of materials management and supply chain management. An extensive omnichannel architecture offers 250,000 customers worldwide cross-channel, round-the-clock access to more than 150,000 products and services. A highly efficient logistics system ensures that all requested services are smoothly integrated into customer production processes “just-in-time” or “just-in-sequence”.

We value diversity and therefore welcome all applications, irrespective of gender, nationality, ethnic and social background, religion and beliefs, disability, age, or sexual orientation and identity.

Please note that we reserve the right to remove this advert prior to the advertised expiry date, dependent on the level of response received. You are therefore advised to apply at your earliest convenience. Due to the volume of applications we receive, we are unable to supply individual feedback at the CV review stage.
