Public transport

We are located at Kayabacho Station, where the Hibiya and Tozai subway lines intersect. Our office is directly in front of Exit 1.

For those arriving via the JR Keiyo Line from Tokyo Station, get off at the first stop, Hatchobori, and walk north on Shin-Ohashi Street for about 4 minutes (refer to the map below).

If you're coming from Nihombashi Station on the Ginza Line, walk east on Eitai Doori (street) and turn right at the "Kayabacho 1-Chome" cross corner. This walk takes about 8 minutes.
In either case, look for the "PMO" building at the front.
