

Customer Satisfaction – Now Nayara Energy sends in their appreciation!

Image indicative

We now hear from Nayara Energy whose downstream petrochemical project we are implementing at Vadinar, Gujarat. The project team's efforts in completing the Extended Basic Engineering deliverable for the Propylene Recovery Unit, MTBE Unit and FCC Unit within the agreed time frame, has come in for appreciation from the Customer. The team has also completed almost 4/5th of the Extended Basic Engineering work on the Unsaturated LPG Treatment Revamp Unit, well ahead of the schedule for this unit.

The achievements were hailed by Nayara Energy's Chief Development Officer and Project Manager responsible for the project. We are rendering project management consultancy services for this project that will herald Nayara Energy's entry into the petrochemical sector.

Our congratulations to the Project Team on this achievement and for the accolades!

Customer Appreciation

'This is a remarkable achievement! Very tight schedule and well-delivered!.'

Mr Sergey Denisov, Chief Development Officer, Nayara Energy

'Congratulations for meeting important milestone of our ADP-1 Project. Once again, you have met a very tight schedule. We commend the stupendous efforts of your team over the last 4 months. Please convey our sincere appreciation to all your team members for meeting our Project requirements.'

Mr A Jeyprakash, GM-Projects, Nayara Energy, writing in to Mr Mauro Rebello, Project Manager
